## Simple Color Mixing Chart (For Parents)

Start with red, yellow, blue, and white. Mix slowly. Begin with small amounts. Add white to soften. Black can deepen a color — use just a tiny touch.

Mix These	You Get
Red + Yellow	Orange
Yellow + Blue	Green
Blue + Red	Purple
Any Color + White	A lighter, softer version
Any Color + Black (tiny amount)	A darker, deeper version

Warm colors: red, orange, yellow (energetic, bold).

Cool colors: blue, green, purple (calm, spacious). Let the child choose.

Ask, "What do you notice?"

Moments over masterpieces.
